Message from the President....

Pamela Shaw - President

Greetings all,

As I'm writing this column, it's the first Sunday of early voting. Senator J. B. Jennings, who doesn't represent this area, has been posting a deep dive each day on voting trends and mail-in ballots.

At the end of day 3, Baltimore County in-person voting is up 48.5% over the same period in 2022. Return of mail-in ballots is at 42%.

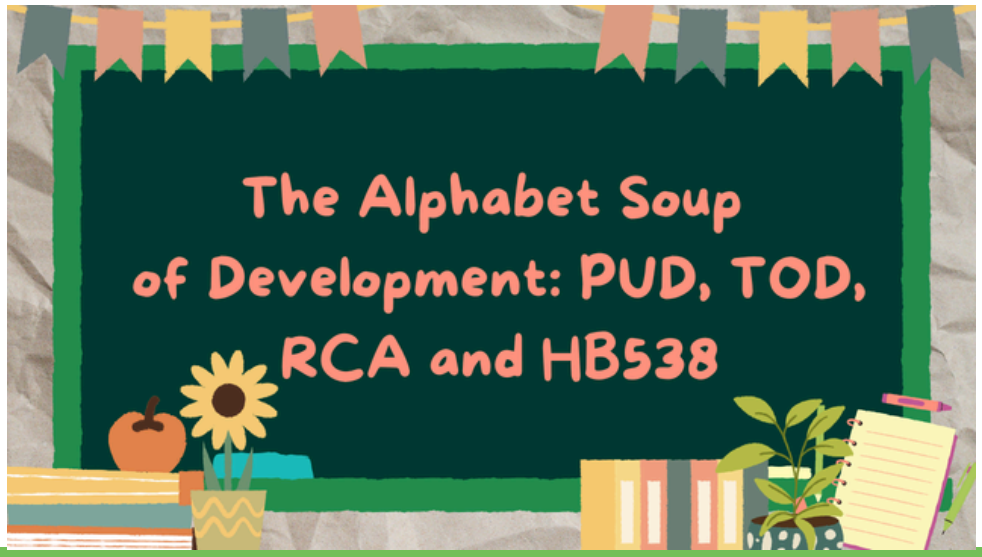
Early voting will be over by the time our community reads this newsletter. So just a reminder to all:
1) figure out where you put your mail-in ballots,
2) drop it off at a nearby drop box, (the closest is at Ridgley Middle) and
3) if none of those works get out to vote on Tuesday 11/3.

We've got a three way race in a new District 5, where registered voters are 30,982 Democrats, 28,125 Republicans, and 19,354 Independents/Unaffiliated. The voting numbers may be very close or even in a recount.

Our General Meeting will be held on Tuesday 11/10. This upcoming meeting will not be a discussion about what's happening with Lutherville Station as this development is largely in the hands of the County Councilman. Instead, we've invited GTCC President, Eric Rockel to speak about the acronyms involved in developments like Lutherville Station. So this will be an educational meeting so the we all understand the buzz words and concepts.

Hope to see you all there.

Topic for LCA General Meeting Discussion on 11/10



NEXT LCA GENERAL MEETINGS - November 10th @7pm
Timonium Fair Grounds - Vista Room

West Lutherville Park Update

Before Construction

Progress and Update

Some pics of the Children's Park still in progress.

Yet to be completed are fencing along the side closest to the stream, handicap parking, ADA-compliant pathways, and tree removals in and along the stream.

‘Sink hole’ Caution

There is a dangerous ‘sink hole’ across from the Children’s Park under renovation that is probably a result of the digging. The sink hole has exposed a pipe which runs under the street. It is currently blocked off, but it continues to sink deeper. Please keep the kiddos away from it, and please don’t park near it.

The County is aware of the issue, but we have no timetable for it being addressed.

The Four Best Summer Saturdays in L'ville part 1

August 29th - Berm Cleanup

September 5th - Country Club Palooza

The Four Best Summer Saturdays in L'ville part 2

September 12th - Yard Sale Flea Market
