

Lutherville Community Association
General Meeting
Tuesday March 10, 2026

Welcome

Quick Updates -

West Lutherville Park -

Plans have been shared on the County's website and in the Luthervillian . We are excited that we are receiving an accessible playground. We're still negotiating for handicap van parking on the playground side. The President has included that request in the LCA budget request.

Country Club Park "Park" -

This park has had benches throughout its life as a part of the LCA community. The last benches were destroyed during the flooding two years ago. LCA solicited for benches. We were approached by an Eagle Scout candidate Noah Kakel from St. Joseph's Catholic Church Troop 497 who is making and installing the benches as his Eagle Scout project.

Lutherville Station Project.-

Since we last met in November representatives from GTCC, NANC and LCA met with Councilman Kach to review the submitted documents and answer questions. Since then the Councilman has been deciding what he is willing to support and working with the County Attorneys to draft version. We have not seen this draft.

Regarding the announcement regarding Barnes's and Nobel bookstore, the President was clear that the developer had not shared any plans like that with us.

Events - Egg Hunt and Flamingo Friday information will be posted to the Facebook page and sent out in an email

Introduction of Captain Chad Miller new commander at the Cockeysville Station
